Interest charges

Description	Amount
Total interest	\$252.65

We are required by law to charge interest when you do not pay your liability on time. Generally, we calculate interest from the due date of your return (regardless of extensions) until you pay the amount you owe in full, including accrued interest and any penalty charges. Interest on some penalties accrues from the date we notify you of the penalty until it is paid in full. Interest on other penalties, such as failure to file a tax return, starts from the due date or extended due date of the return. Interest rates are variable and may change quarterly. (Internal Revenue Code 6601)

The table below shows the rates used to calculate the interest on your unpaid amount due. For a detailed calculation of your interest, call 800-829-3903.

Corporate Interest- If you are a C corporation, and you underpaid your tax by more than \$100,000 for any taxable period, we charge additional interest of 2% if the full amount shown as due on a notice isn't paid within 30 days of the notice date. If you don't pay within 30 days, interest at the higher rate begins on the 31st day after the notice date. Once the additional 2% rate begins to apply, we charge the additional interest on all underpayments for that type of tax and that tax period until you pay your balance in full.
